To Whom It May Concern,

My name is Melinda Hardin and I am the Region Coordinator for the National Alliance on Mental Illness in West Tennessee. I have had the pleasure of working with Mrs. McKinney on a personal and business level with her non-profit. She and her organizations efforts in the Memphis area to bring about awareness to several issues in the community including Mental Health is a main reason why we had chosen to partner with her in 2016 for a project for which was nothing less than inspirational.

As a member of the community and a community partner, I support the outreach they have conducted in the past and look forward to being a partner with her again in her upcoming efforts to make Memphis a better place for a family to thrive.
